Dear Chairwoman DeLauro:

On behalf of the [Nursing Community Coalition \(NCC\)](#), which includes [63 member organizations](#) that represent the cross section of education, practice, research, and regulation within the nursing profession, we congratulate you on being elected chair of the House Appropriations Committee in the 117th Congress. We are excited to continue our work with you in your new role as we combat the COVID-19 crisis and prepare for the next public health challenge. You have worked tirelessly throughout your time in Congress, and as chair of the House Labor, Health and Human Services, Education, and Related Agencies Appropriations Subcommittee, to ensure the healthcare delivery system is one that promotes wellness, advances research through scientific discovery, and provides timely, equitable, access to care across the life continuum.

Additionally, we thank you for your drive and passion to continually improve public health and ensure nurses have essential resources to help them care for all patients, families, and communities. Your support for robust investments in Title VIII Nursing Workforce Development Programs, National Institutes of Health, National Institute of Nursing Research and other key departments and agencies has been critical to the health of our nation. We have greatly appreciate the work of you and your expert staff and are eager to join you in tackling this current COVID-19 pandemic and future public health challenges.

Please know that we stand ready to work with you, to support and improve care delivery models, and build a long-term sustainable healthcare system that reinforces and bolsters strong nursing education, research, and practice programs. If the Nursing Community can be of any assistance in your new role, please do not hesitate to contact the coalition's Executive Director, Rachel Stevenson, at 202-463-6930 ext. 271 or rstevenson@thenursingcommunity.org.
